Good Evening.

I appreciate much of the website and the staff that answers questions over the phone or by email. Continue to make that accessible with links that work.

IS it true that the candidate information such as platform could be somewhere on the FEC website. Which brings up further accessibility for voters to candidates. Can we have a one page for each candidate. Also donations made with the FEC website for candidates.

Outreach to citizens is needed.

Ok thank you for the public comment period.

MJ
