Footnote to state--

The Commission notes that contribution processing by the Committee must include making a record of each contribution and disbursement pursuant to 2 U.S.C. §432(c) and Commission regulations at 11 CFR 102.9 and 104.14. The documentation required under these provisions must be preserved and remain available for audit, inspection or examination by the Commission for at least three years after the filing of the Committee report to which the documentation relates. See 2 U.S.C. §432(d). Furthermore, since Mr. Alexander expects to qualify for and receive Federal matching funds, both he and the Committee must also comply with the documentation rules of 26 U.S.C. §9033(a) and Commission regulations at 11 CFR 9033.1.
