Subject: This is what you focus on?

FEC Counsel,

Do you just focus on Democrats and knee-capping our candidates and funding or is this is done for the GOP too? Please share the investigations that you have pending on their FEC violations, which are in the hundreds for sure.

As a taxpayer, I want to make sure my tax dollars are being used effectively and not trying to manipulate elections.

Thank you,

Althea J. Saldanha, Ph. D

This is wrong!

How can you think that if the Democratic Party buys research for \$30,000, uses it and then shares it w/2 candidates, its cost to each is 30k (total of 90k), rather than \$10,000 (total of 30k)?

Thank you

I didn't know that $\$30000/3 = 90000$ this is pretty lame math and a lame argument. I think your reasoning is faulty. You should reconsider your conclusion.

Only the [@FEC](#) could think that
if the Dem Party buys research for \$30,000
uses it and then shares it w/2 candidates,
its cost to each is 30k (total of 90k),
rather than \$10,000 (total of 30k).
