Got it Cheryl thanks – unless I misunderstand the question (and I don't believe I do) the answer is yes: we do mean to assert that Humana has no plans to provide any such support to KAH Hospice or to KAH Hospice PAC, either directly or indirectly through Humana's subsidiaries, including through Gentiva Health Services, Inc.

Hope that helps, and I'll be prepared to discuss further on Thursday if anyone would like.

Best,
Joe

Subject: Question re: AO 2023-02 (Humana)

Good morning Joe,

A Commissioner's office has asked us to ask you whether your clients' request includes Gentiva Health Services, Inc. within "Humana Inc." for the purpose of making representations about Humana's relationship to KAH Hospice. For example, where the request on page 6 states that "there are no plans [for Humana] to provide direct or indirect administrative, fundraising, or other support to either KAH Hospice itself or to KAH Hospice PAC," do your clients mean to assert that Humana will not provide such support, including through its wholly owned subsidiary, Gentiva Health Services?

If you would please let us know at your earliest convenience, we would appreciate it. Please note that any response you provide may become part of the official record for this matter and posted on the Commission's website accordingly.

Best,
Cheryl
