Dear Ms. Beaver:

Thank you for speaking with me this afternoon. This is to confirm my understanding that Congresswoman Waters and Citizens for Waters do not intend to ask the non-federal committees to attest that they have reported funds used for reimbursement to the Commission.

Please reply to this email to confirm the accuracy of this information, or to clarify or correct it as necessary. Please note that your response may become part of the advisory opinion request, and if so, it will be posted on the Commission's website.

Thank you,
