**Re: RR 18L-01
For Our Future**

Dear Mr. Jordan:

On behalf of respondents For Our Future and Sky Gallegos, in her official capacity as Treasurer ("Respondents"), for the following reasons we request an additional six-day enlargement of time from February 22 to February 28 to respond to your letter dated January 5 informing Respondents of a referral to the Office of General Counsel.

The referral concerns a very substantial number of transactions that variously included independent expenditures, operating expenditures and debts and obligations, totaling approximately \$3.8 million during three reporting periods in 2016, and the Committee has amended each of its original reports for those periods multiple times at its own initiative. As we indicated in our request for the initial enlargement of time, we have been reexamining those reports, related records, and communications with the Reports Analysis Division so that we can submit an accurate and thorough response to the referral. As we also indicated, undersigned counsel have been occupied with other litigation and matters, including unavoidable scheduled travel and a major scheduled family medical procedure involving one of the undersigned that just concluded in the past week. And, we have been working with the Committee's external compliance consultant on this matter.

We find that a brief further enlargement is necessary in order to make a sufficient submission. The six additional days (including four regular working days) will have no practical bearing on the operation of the statute of limitations in this matter, as the referral concerns events occurring since October 2016.
